

TRAPPED IN MORIA

GREECE

Arrivals in 2019: 45,597 (last update 29 Sep 2019)

Some **24,000 men, women and children** are trapped on the Greek islands in horrendous conditions

LESBOS

13,000 people in Moria camp designed for 3,000

40% children, including 1,000 unaccompanied minors

MSF'S CLINIC

100 child consultations / day

73 mental health referrals: 3 attempted suicide; 17 self-harming; 10 under the age of 6, with the youngest just 2 years old (July/August 2019)

100 complex or chronic **medical conditions**

VACCINES: HUMANITARIAN MECHANISM

- A new humanitarian mechanism for vaccines has been used for the first time in Europe
- MSF vaccinated refugee children in Greece with the pneumococcal conjugate vaccine at an affordable price
- More vaccines must be included in the humanitarian mechanism

NON CHIEDIAMO MICA LA LUNA

L'accesso alle cure per tutti non è fantascienza. Aiutaci ad abbattere gli ostacoli che impediscono alle persone di ricevere le cure di cui hanno bisogno.

MSF's Access Campaign brings down barriers that keep people from getting the **treatment they need** to stay alive and healthy.

We advocate for **effective drugs, tests and vaccines** that are:

- available,
- affordable,
- suited to the people we care for, and
- adapted to the places where they live.
